

Photography by Brian Harrison H&M

*"It had to look as if it had always been there."*

Integrating the kitchen with both a home's historic roots and the owner's taste and way of life is fundamental to every Robinson and Cornish design. George Cornish works in partnership with every client, interpreting their ideas to compose a beautiful, workable and timeless family room.

Because our service is genuinely bespoke, we have no standard ranges. Every kitchen is designed individually, tailored to your needs and built by hand.

For a colour brochure illustrating a selection of recent commissions, here and abroad, simply ring the number below.

HOUSES SPEAK TO US.
